

WAR AGAINST IRAQ?

We, the undersigned Montana citizens, express our opposition to war with Iraq. We are concerned that the case for war has not been made by the Bush administration and that sending American soldiers into harm's way in Iraq is not justified. We are also concerned about the likelihood of high casualties among the civilian population of Iraq, and the possibility of increased terrorism as the result of our actions. We urge this administration, and our congressional delegation, to pursue diplomatic, non-military means to resolve our disputes with Iraq.

The vast majority of U.S. expert opinion and global public opinion does not support going to war against Iraq. A lead article in the current issue of the respected journal *Foreign Policy*, calls it “an unnecessary war.” Major religious denominations ranging from the National Council of Churches to the Mormon Church to the U.S. Council of Catholic Bishops have all issued strong statements against the war, declaring that it does not meet the criteria of a just war. Labor, too, is increasingly vocal in its opposition, with some chapters of the AFL-CIO passing unanimous resolutions opposing a preemptive assault on Iraq.

If you would like more information on our campaign to prevent a war against Iraq, or if you would like to make a donation, please fill out this form, visit www.montanapeaceseekers.org, or e-mail to helenapeaceseekers@yahoo.com.

Please return to the Helena Peace Seekers, 202 Pine St., Helena, MT 59601. Checks can be made payable to the Montana Human Rights Network. Contributions are tax-deductible. Please write "Peace Seekers" in the memo line of your check.
